

Funderland

Sacramento's Premier Children's Amusement Park

Important Birthday Party Information

Because we want your birthday party to run smoothly and be enjoyable for everyone, it is important that you read and understand the following.

1. Please remember that your 2 hour birthday party includes both riding time and the use of the birthday area. This means you have 2 hours for your guests to ride on all the rides and to eat any food you bring in your area. The 2 hours cannot be extended.
2. Due to time constraints and limited facilities, birthday parties cannot begin early. Please check in at the ticket box no earlier than 10 minutes before your party.
3. Birthday parties cannot run late. As a courtesy to the birthday group coming in after you, please make sure to remove all personal belongings in a timely manner. Remember, we will assist in the removal of trash and clean up of the area.
4. Please consider if you will be including parents, siblings or smaller children in your head count for riders. Each individual who gets their hand stamped will be tallied, whether they are a child or an adult. It is therefore up to you to decide whom you want to be stamped and advise the party host. Normally we will not stamp adults without the birthday parent's permission. Keep in mind that expectant mothers or individuals with hard casts will not be permitted to ride.
5. Please be aware that the birthday areas are assigned in advance by the Funderland Birthday Staff's discretion and cannot be reassigned on the day of the birthday party. Funderland will try to reserve any specific area requested at the time deposit is made.

Birthday Party Tips

- We have found that parties flow more smoothly if the children are allowed to go on the rides first and then eat towards the later part of the 2-hour time period.
- An elaborate meal is usually more trouble than it's worth; some easy ideas are finger sandwiches, juice boxes, pizza, candy stand food, cupcakes, or simply just cake. Simpler parties are usually more successful. Keep in mind that Funderland does not permit any alcoholic beverages or cooking devices within the park.
- Impress upon your guest that the party is for two hours only, so it is in their best interest to arrive on time.

- Remember that on busy weekends around midday, it may take more time to find a parking space in the park. You may also park behind Funderland on Sutterville Road.

What do I do on the day of the Party?

- When you arrive at Funderland, go to the ticket box and check in
- The Funderland birthday party staff will then direct you to your 2-hour birthday area. (If you would like to check in 5 to 10 minutes before your party begins, that is okay, but we cannot guarantee that your area will be ready until the reserved party time.)
- At the designated birthday party time, your Funderland birthday host will come over to your birthday party area and stamp the hands of all the individuals who want to go on the rides. The birthday host will keep track of how many stamps have been given. Remember that after 10 stamps have been given out, it is \$12.50 for each additional stamp. Inform the staff whether you will be stamping adults or not.
- For the first half hour, the birthday party host will remain near the birthday areas to stamp any late arriving guests. After this time has passed, you will need to bring any individuals you wish to stamp to the ticket booth. A birthday parent must be present to have a guest stamped. (We do this to protect you; otherwise, anyone could come up to us, claiming to be a part of your birthday group.)
- The birthday host will come to your area to settle up the balance of the birthday party towards that last hour of your party. This can be paid with cash, ATM or credit card.

Funderland will do its best to keep all the rides in operation. Due to unforeseen maintenance we cannot guarantee that all the rides will be in operation.
